Well Data Information Questionnaire

Date: _____

Name: _____ Email address: _____

Address: _____

Phone number: _____ Preferred contact: Email Mail Telephone

Would like to participate in KRRC's well monitoring program? Yes No

We invite you to provide the following information to the best of your ability. If you require technical assistance to answer any questions, please contact KRRC.

Address of Well Location	Depth to Groundwater (feet)	Depth of Well (feet)	Flow Rate (gallons per minute or day)	Does the pump sit at ground level or is it in the well?	Approximate Age of Well and Pump

Have water quality tests been conducted on this well? Would you be willing to provide KRRC with water quality data?

Is the well operated using a pressure vessel or storage tank?

Please provide any anecdotal information on water depth or quality (fluctuating or stable water levels during drought, iron or sulfate content, etc.)

Please submit your answers by mailing, faxing, or emailing them to the contact information listed above. Alternatively, you can submit your answers through an online survey located here:
